The Amildar's report subd. after his inspection of the institution gives no addl. information.

9/ It will be seen from the report of the Superioress that the St. Joseph's Tamil Girls' School at Mysore has been getting a grant of Rs 23/- only from Govt. and that the Industn. School attached to the Convent is getting a grant of Rs 40/- per mensem.

6 It will be seen from the Dy: Comrs letter that the grant of Rs 23/- is being made out of the provision for "Grants for the maintenance of tender orphans" under 19 C Mysore (3) Stipends and Grants-in-aid. It may noted here that this provision has been reduced from Rs 500/- to Rs 100/- in the current year's budget.

7 As the grant, according to the report of the Superioress, is made for the school, it appears doubtful whether it is being met from the provision pointed out by the Dy: Comr.

It has not been stated from what source the grant of Rs 40/- to the Industn. School is made. It may, perhaps, be from the Education budget.

As the present application for the grant of Rs 300 is for the Indian Section

4. Home for destitute women and their infants.

Nos 1 & 2 seem to receive a monthly grant of Rs 25 & 40 respectively. It is not clear to when and under what circumstances these grants were made.

14 I had intended to conduct some personal enquiry into the working of the institution and its rules of admission at my next visit to Mysore before submitting the file for orders. As the Superintendent is however anxious for the early orders of Govt. I have thought it best to submit the matter with the information now available.

The letter is pasted

15 The application for the grant is on behalf of an orphan girl attached to the St. Joseph's Tamil Girls school Mysore, an institution run by the Convent of

the Good Shepherd Mysore. From the conditions of the Admissions given by the Superintendent it would appear that the inmates of this institution are not wholly orphans and that poverty of parents is a sufficient ground.

16 Strictly speaking the institution appears to be more a boarding establishment attached to the School run on charitable lines rather than an orphanage. From the enquiries instituted by me privately at Mysore it would appear that the institution is availed of largely by persons of the Panchama class in domestic Service. Though this class is seldom in affluent circumstances yet their income cannot be said to compare unfavourably with the average income of the poorer classes. Apart from a Sentimental standpoint it seems undesirable for Govt. to give special help towards the maintenance of this class of children.

17. As regards the orphans strictly so called, the Govt. have an

obligation to maintain and educate and where a charitable organisation is willing to undertake the task, a grant-aid even a liberal one may well be made. But the organisation should have no objection to some control and supervision and the Govt should have the right to revise the orphan roll.

18 If the Convent authorities are willing to accept Govt control and to exercise a greater scrutiny in the admission of orphans, a per capita grant with a maximum money limit may be made. I would fix this at Rs 4 per head and Rs 100 a month as in the case of Anathalayam at Mysore. In this case the Govt will have to borrow from State funds and the grant may be for a term of three years until the loan conditions cease.

19 There is also another way of dealing with the question which may be mentioned here. The institution may be treated as a part of the School and a grant

made from the Funds newly sanctioned for the education of the backward classes. In the case of the very poor it is now a recognised practice for the educational authorities to provide one good meal for the school children and even at this rate the cost will come to about Rs 200 a month. This proposal will have the advantage of a Fund already existing and there would be no necessity to increase the Mysore Grant.

20 I should like to know when a number of such circumstances in regard to Rs 23/- & Rs 40/- were sanctioned to the girls school & the Industrial School respectively. Please submit the information with the connected papers if available.

Are any steps being made to enlarge the distribution of these concessions in proportion to the increase of these funds, or should we be content to let matters remain as at present

Report.

I visited the Orphanage connected with the Convent Girls' School, on the 25.3.16, and I was shown over the place by the Rev: Mother St. Ignatius. It gives me highest pleasure to testify to the neatness, arrangements and order that prevailed in the place. On the day of my visit there was provision made to feed 61 poor girls[1]: 51 of whom belonged to the Tamil and 10 to the Kannada caste.

This is an unique Institution of the Kind, where the children of the helpless and the destitute are most splendidly taken care of, and so it offers as an object lesson and incentive to many others who may have the idea of affording relief to the needy and poor. In addition to the strictest supervision exercised by the Superiores of the Convent, the management is vested in a Superintendent who gets a pay of Rs 50 assisted.

(1). The number has since risen to 80.

by 4 Assistants, who are paid in all Rs 44/-
Thus the cost of management is pretty high, and this is quite essential ~~to~~ in order to manage the Institution in an efficient manner. As it is doing excellent work, I do not think it out of place to state that enterprises of private bodies deserve encouragement from public funds.

Madam,

I am sorry I have not been able to reply earlier to your kind letter of the 8th June which was received during my absence from the station and mislaid in the office by inadvertance.

In a matter of the kind a formal application addressed to the Secretary to Government in the Muzrai Department is indicated and no special form of application is required. It would, however, be an advantage if you will give detailed information regarding the rules of admission into the orphanage, the average cost of the institution and the nature of grant sought for.

Some further enquiry may have to be conducted

before the Government are in a position to pass final orde: in the matter. The enclosures to your letter are herewit returned.

Sir,

Adverting to your C. M. No. 344
Rev 64 16 2
dated 29th July 1916 forwarding for
enquiry and report petition from M. St
Ignatius - Superioress, Good Shepherd
Convent, Mysore City, praying for a
grant from Govt for the orphanage
under her management, I have the
to state that the Amildar of the
Taluk has inspected the orphanage

attached to the Govt. Sheffield's Convent at Mysore and addressed to the Lady Superior of the Convent was published in G.O. No. 166 dated 20th August 1916 (G.O. No. 167/16 in Jany) which is herewith submitted in original for reference.

2. From the enclosures to the Superiores' application received with the G.O. under ref, it is seen that the application for relief for the Indian Orphanage & that the grant of Rs 100/- drawn for the orphanage from the Imperial Indian Relief Fund in 1914 & Comp branch is chiefly for the support of the European & Eurasian branch of the orphanage.

3. The Auditor has reported that the expenditure is over Rs 500/- per month and that this Indian section of the orphanage is independent of the Industrial School & Eighth Girls' School attached to the Convent. One of the enclosures of the Superiores' petition above referred to shows that the expenditure is Rs 520/- excluding cost of clothing. It is obvious that the support which the Convent was receiving from Charitably disposed persons in England & elsewhere

curtailed a good deal owing to the present European war.

The enclosures of the petition also show that the sale of their knitting work on which once brought in a portion of the income is also very low owing the present depression in foreign trade.

The present Govt grant is reported to be (Rs 23/) per annum. I see this has no reference in the letter. This seems to be one of the provisions in the budget under HC Mg 2 Prints-in-aid.

I would recommend that the additional grant applied for may be sanctioned in view of the commendable object of this institution and the efficient manner in which it is maintained.

The petition together with the income receipts with the above is herewith submitted.

I have the honour to be

The Undersigned visited the [illegible] on 16/8/16. It is an orphanage for poor and destitute girls without interfering with their caste or creed. There are 80 such orphans receiving care by the institution. This is independent of the industrial [illegible] and English girls' school attached to it. All now it was receiving support from the Charitably disposed men in England. Since the commencement of the war this support has been considerably minimised and the institution is in need of pecuniary help. The monthly expenditure of the orphanage branch of the institution is over Rs. 500/- and there is only a small grant of Rs 23/- per month from the Govt: as the enclosed note sent by the Manager shows. As it serves a philanthropic purpose the undersigned submits that the Government may be moved to graciously sanction a decent monthly grant out of the Provincial Funds for its upkeep, as it is not likely that conditions will change for the better in England for on account of the economic chaos & destruction to come tho" war shd close

Dear Sir

Herewith the Report of the St. Joseph's Tamil Girls' School. You will please let me know if further details are required. I regret that I have not a copy of the letter sent to the Resident when applying for a Grant from the Imperial Relief Fund - but can let you that we showed how we were at a loss of about Rs. 3000/- on account of the War. as the help we got from friends in Europe was cut off - that the amount

realised by the sale of work was reduced from about Rs 1000 to Rs. 300/ We showed a larger number of poor persons to be supported as we included all the poor in the Convent - whereas now our application is for the Indian orphans and day pupils only.
Should any further information be required ; I shall supply it on hearing from you

Report of the St. Joseph's Tamil Girls' School. Mysore

Children of all castes and creeds are received into this Institution, from babies who have been abandoned by their parents to poor and destitute women up girls - also boys up to 10 years of age. These children are all lodged, fed, clothed and educated, and kept until they can be suitably settled in marriage or as servants. The Religious creed of these children is in no way interfered with. There are about 80 children at present - who are maintained at an average cost of Rs. 5/- per mensem. The total of the Institution including the payment of the Superioress, Teachers and servants is Rs. 520/- per mensem. - this does not include the cost of clothing - which is often a considerable sum - nor the cost of books etc. required in the School.

Besides these 80 children there are 95 poor girls and young boys who attend the school daily, and are supplied with their books, slates etc. at an average cost of Rs 19 yearly. We would wish to provide these 95 poor children with one meal daily. The average cost of which would be Rs 200/ monthly. many other children would be induced by this means to attend school. This school gets a monthly Grant of Rs. 23/- only from Government

There is an Industrial School in this Convent. where these poor children are taught all Kinds of useful and fancy needlework. This school receives a Grant of Rs 40/ per mem. Formerly we used to realise a good deal from the sale of the needlework. Knitting etc. done in this School. but now it is very difficult to have the work purchased - this, of course, leaves us with less

means to support the poor.

There is an English boarding and day School in the Convent. This School is attended by the children of our European and Eurasian Orphanage. There are between 40 and 50 in number It was chiefly for the support of these orphans, that we applied for, and obtained a Grant of Rs 1000 from the Imperial Indian Relief Fund. Mysore and Coorg Branch

In the Convent, we have also a Home for destitute women with their Infants. There number about 20.

By the War we have been cut off from all help from Europe. even, should the War soon end, as we hope it will, it will be very long indeed before we can expect help from that quarter, as the kind friends, who used to help us, will be in great difficulties themselves So, we earnestly request that the help which we will be kindly allowed from the Mysore Department may be a fixed Grant, as this is a permanent Institution and the same works are always carried on here

Sir,

I beg to be allowed to call your Kind attention to an Application which we sent in August for a Grant for our destitute orphans. I trust it has received the Sanction of the Government. I should be so very thankful to get information regarding the same before the end of the year - for the needs of the poor being so urgent now. I shall

Madam,

With reference to your letter dated 24th November 1916 in the matter of your application to Government for grant-in-aid of the Indian orphanage, I beg to state that the question is under the consideration of Government it will be some time before that can be given. Even if Government should favourably view your application, I am not sure that the grant will be taken effect from the next official year. i.e. July next, as it may be difficult to meet the charge during the current year. Everything considered therefore, I would strongly advise you to have recourse to any other source of help that may be available and thus save yourself from any possible inconvenience.

I beg to remain,
Yours faithfully,
